

**Who We Are!**

## ***The TAUD Bass Tournament Team Trail***

***It all started with the concept of bringing TAUD Members together with a unique opportunity never done in a Rural Water Association.***

***The idea was born in 2010, with a first of a kind tournament being held in the spring of 2011 in conjunction with our Annual Operator Expo.***

***Known early on as the Annual Operator Expo Bass Tournament, it would enjoy a run of four consecutive years before demand would help create the TAUD Bass Tournament Team Trail.***

***In 2015, the TAUD Bass Tournament Team Trail developed a statewide schedule and partnered with the Tennessee Utility Education Corporation (TUEC) Scholarship Program. This winning combination brought together Associate Members who would fund the TUEC Program through our Deep-Water Sponsorship Packages.***

***This strength of support from Associate Members allowed the Tournament Trail to enhance the overall 100% payback in winnings to top finishing teams in each tournament.***

***Today, the TAUD Bass Tournament Team Trial offers the members of TAUD three to four tournaments annually during the spring bass fishing season. Our Tournament Trail is strong and healthy providing TAUD members the opportunity to enjoy fellowship and networking in a relaxed setting on one of Tennessee' Legendary Fisheries.***

***So, who is the TAUD Bass Tournament Team Trail? The hard-working men and women of the Tennessee Association of Utility Districts.***

***"We are the Water & Wastewater Industry of Tennessee, Vital for its Future".***
